# ANASHIELD 2

The new standard in odor removal and cleaning. **Anashield 2** targets the bacteria of the odor. When attacking the odor at its source, the odor removing capabilities have the chance to honestly remove the odor instead of simply covering up the odor. The hardest-to-remove odors have proven to be no match for this cleaner. This cleaner delivered the knockout blow to smoke, cadaver, cat urine, dog urine, rodent droppings, mildew and a variety of other odors. With this product targeting the bacteria, it also goes after other bacteria as well providing a better solution for day to day cleaning needs. Residential, commercial and industrial are all locations this product can be utilized. As a side benefit, this is also an amazing degreasing cleaner. Oils, grease and dirt are no match.
